

**Step 0:** Make sure you have [registered](#) for ACL2020. After you register, you should receive an registration confirmation email **“VIRTUAL ACL 2020 Conference Registration Confirmation”** from [acl@aclweb.org](mailto:acl@aclweb.org) and another email **“Welcome to the ACL 2020 Virtual Conference”** with your login credentials from [acl2020virtual@gmail.com](mailto:acl2020virtual@gmail.com). If you haven’t received the email from [acl2020virtual@gmail.com](mailto:acl2020virtual@gmail.com) please check the following:

- Everyone should register (including ACL2020 organizers, invited speakers, workshop/tutorial organizers and volunteers). You will need to register to get the welcome email.
- Please check your spam folder and other email categories as well for the welcome email.
- Please search for email from [acl2020virtual@gmail.com](mailto:acl2020virtual@gmail.com) since the welcome email will come from this email.
- The email will come to the email address you used in your registration form (please check the row **“Email”**. It is between the **“Address”** row and the **“Are you completing this registration on behalf of the attendee”** row.)

If you still don’t find the email, please contact: [acl2020-virtual-helpdesk@googlegroups.com](mailto:acl2020-virtual-helpdesk@googlegroups.com) **and include your registration confirmation email.** (Please do not reply to [acl2020virtual@gmail.com](mailto:acl2020virtual@gmail.com), which is an unmonitored email address.)

**Step 1:** When you go to <https://virtual.acl2020.org>, you will be asked for your username and password (you can find them in the welcome email).

**PLEASE NOTE:**

- Make sure you received a welcome email with username (see step 0)
- The username is case-sensitive
- Make sure there are no extra spaces in your password
- Try typing in the username/pwd instead of copy pasting (just to make sure you don’t miss out on any characters)

If you are still unable to login, please contact: [acl2020-virtual-helpdesk@googlegroups.com](mailto:acl2020-virtual-helpdesk@googlegroups.com) and **include the username/password you were sent in the welcome email.**

Room description changed to: In recent years, we have seen tremendous advances in the field of natural language processing through the use of neural networks. In fact, they have done so well, that they have almost succeeded in rewriting the field as we knew it. In this talk, I examine the state of the field and its link to the past, with a focus on language generation of many forms. I ask where neural networks have been particularly successful, where approaches from the past might still be valuable, and where we need to turn in the future if we are to go beyond our current success. To answer these questions, this talk will feature clips from a series of interviews I carried out with experts in the field. by acl2020-admin-bot

## Note from ACL2020 Professional Code of Conduct Chairs

On both RocketChat and Zoom, please ensure that your name and affiliation are displayed in a way that matches your ACL registration (i.e. one or more of the name fields, including preferred name, in the ACL registration form). You are also encouraged to include your pronouns. Obfuscating your identity or displaying the name of another attendee instead may be considered harassment under the ACL’s anti-harassment policy.
